Getting/Resetting your Blackboard Username & Password

Log into VIP: https://vip.sc.edu/

Your USC ID # should be your Social Security Number.

Your VIP pin is originally set to your month and date of birth in 4 digits (eg Jan 1st = 0101). *You should reset this for privacy…*

Choose “Technology” from the menu on the left.
Choose “Network Username (Blackboard, GEM, Dept. Networks), Password Reset” from the menu in the center.

Make a note of your username and type your new password twice to change it. You will need to do this every 6 months for security reasons.
