1. Identification of the substance/preparation and of the company/undertaking

- **Product name:** EDTA, Disodium Salt, Dihydrate, Molecular Biology Grade
- **Chemical formula:** C_{10}H_{14}N_{2}Na_{2}O_{8} \cdot 2H_{2}O
- **Synonym:** Ethylenediaminetetraacetic Acid, Disodium Salt
- **Catalog #:** 324503
- **Supplier:** Manufactured by EMD Biosciences, Inc.
  10394 Pacific Center Court
  San Diego, CA  92121
  (858)450-5558/(800)854-3417
  FAX: (858)453-3552

2. Composition / information on ingredients

3. Hazards identification

- **Physical/chemical hazards:** Not applicable.
- **Human health hazards:** CAUTION!
  MAY BE HARMFUL IF SWALLOWED.

4. First-aid measures

- **Inhalation:** If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention.
- **Ingestion:** Do NOT induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. If large quantities of this material are swallowed, call a physician immediately. Loosen tight clothing such as a collar, tie, belt or waistband.
- **Skin Contact:** In case of contact, immediately flush skin with plenty of water. Remove contaminated clothing and shoes. Cold water may be used.Wash clothing before reuse. Thoroughly clean shoes before reuse. Get medical attention.
- **Eye Contact:** Check for and remove any contact lenses. In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. Cold water may be used. Get medical attention.

- **Effects and symptoms:** Hazardous in case of ingestion.
- **Aggravating conditions:**Repeated or prolonged exposure is not known to aggravate medical condition.

5. Fire-fighting measures

- **Flammability of the Product:** May be combustible at high temperature.
- **Extinguishing Media Suitable:** SMALL FIRE: Use DRY chemical powder. LARGE FIRE: Use water spray, fog or foam. Do not use water jet.
- **Hazardous (de)composition products:** These products are carbon oxides (CO, CO2), nitrogen oxides (NO, NO2...). Some metallic oxides.
- **Special fire-fighting procedures:** Fire fighters should wear positive pressure self-contained breathing apparatus (SCBA) and full turnout gear.
- **Protection of fire-fighters:** Be sure to use an approved/certified respirator or equivalent.
6. Accidental release measures

Personal precautions: Splash goggles. Full suit. Boots. Gloves. Suggested protective clothing might not be sufficient; consult a specialist BEFORE handling this product.

Small Spill and Leak: Use appropriate tools to put the spilled solid in a convenient waste disposal container. Finish cleaning by spreading water on the contaminated surface and dispose of according to local and regional authority requirements.

Large Spill and Leak: Use a shovel to put the material into a convenient waste disposal container. Finish cleaning by spreading water on the contaminated surface and allow to evacuate through the sanitary system.

7. Handling and storage

Handling: Keep away from heat. Keep away from sources of ignition. Empty containers pose a fire risk, evaporate the residue under a fume hood. Ground all equipment containing material. Do not ingest. Do not breathe dust. Wear suitable protective clothing. If ingested, seek medical advice immediately and show the container or the label.

Storage: Keep container tightly closed. Keep container in a cool, well-ventilated area. Do not store above 20°C (68°F).

Packaging materials: Use original container.

Recommended use: Use original container.

8. Exposure controls/personal protection

Engineering measures: Use process enclosures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended exposure limits. If user operations generate dust, fume or mist, use ventilation to keep exposure to airborne contaminants below the exposure limit.

Hygiene measures: Wash hands, forearms, and face thoroughly after handling compounds and before eating, smoking, using lavatory, and at the end of day.

Personal protective equipment:

- Skin and body: Lab coat.
- Eyes: Safety glasses.
- Protective Clothing (Pictograms):

9. Physical and chemical properties

Physical state: Solid. (Crystalline solid.)

Color: White.

Molecular Weight: 372.2 g/mole

Melting Point: 244 to 246°C (471.2 to 474.8°F)

Solubility: Easily soluble in cold water.

Flash point: Not available.

Explosive properties:
- Risks of explosion of the product in presence of mechanical impact: Not available.
- Risks of explosion of the product in presence of static discharge: Not available.

10. Stability and reactivity

Stability: The product is stable.

Conditions to avoid: Not available.

Hazardous Decomposition Products: These products are carbon oxides (CO, CO2), nitrogen oxides (NO, NO2...). Some metallic oxides.

11. Toxicological information

RTECS #: AH4410000

Local effects:

- Skin irritation: Not available.
- Acute toxicity:
  - LD50: Not available.
  - LC50: Not available.

Catalog #: 324503
12. Ecological information

Ecotoxicity : Not available.

Toxicity of the Products of Biodegradation : The products of degradation are less toxic than the product itself.

13. Disposal considerations

Methods of disposal; Waste of residues; Contaminated packaging : Waste must be disposed of in accordance with federal, state and local environmental control regulations.

14. Transport information

International transport regulations

Land - Road/Railway

ADR/RID Class : Not controlled under ADR (Europe).

Sea

IMDG Class : Not controlled under IMDG.

Air

IATA-DGR Class : Not controlled under IATA.

Special Provisions for Transport : Not applicable.

15. Regulatory information

EU Regulations

Hazard symbol(s) : X

Classification : Harmful

Risk Phrases : R22- Harmful if swallowed.

Safety Phrases : S2- Keep out of the reach of children.

Contains : - EDTA, Disodium Salt, Dihydrate, Molecular Biology Grade

U.S. Federal Regulations

SARA 302/304 extremely hazardous substances: No products were found.
SARA 302/304 emergency planning and notification: No products were found.
SARA 302/304/311/312 hazardous chemicals: No products were found.
SARA 302/304/311/312 hazardous chemical notification and release reporting: No products were found.
Clean Water Act (CWA) 307: No products were found.
Clean Water Act (CWA) 311: No products were found.
Clean air act (CAA) 112 accidental release prevention: No products were found.
Clean air act (CAA) 112 regulated flammable substances: No products were found.
Clean air act (CAA) 112 regulated toxic substances: No products were found.

HCS Classification : Not controlled under the HCS (United States).

State Regulations :

WHMIS (Canada) : Not controlled under WHMIS (Canada).

No products were found.
